

PERFECT VISION

Whatever the shape of your mirror, a **demista™** heated mirror pad will still ensure a clear view even in the most steamed up bathroom.

The self-adhesive pads are available in a choice of sizes and voltages, adhere to the back of the mirror and simply connected into the bathroom lighting or to a separate switch if preferred. Running costs are minimal, just 1p for 32 hours and your mirror remains condensation free and crystal clear forever. Approved to all necessary standards. Prices start at **£26.90** for a 150x274cm pad.
