

## Steamy Mirrors Banished at One Hyde Park luxury Apartments

***demista*<sup>™</sup> heated mirror pads are fitted in all the bathrooms at One Hyde Park – the ultimate symbol of luxury London living in Knightsbridge.**

The *demista*<sup>™</sup> heated mirror pads installed in all the stylish bathrooms, ensure that the mirrors remain steam free at all times. The company supplied 651 heated mirror pads, all in custom made sizes. These apartments now join the growing number of prestigious developments and refurbishment projects around the world such as the Ritz Carlton and Burj al Arab in Dubai, Taj Group, Charles Church Homes and Harrods Place Developments, whose designers see the benefit of including the product in the bathrooms.

**demista™** heated mirror pads are easy to install, invisible once fitted behind the mirror and require no maintenance. The pads are manufactured in the United Kingdom and have proven quality after 20 years in the market. **demista™** were the first heated mirror pads sold in the UK.
