

BATHROOM MIRRORS AND CABINETS STAY STEAM FREE WITH **DEMISTA™**

In bathrooms around the country, and in more than 40 countries abroad, steamed up bathroom mirrors are no longer the norm. Whether you have wall mounted bathroom mirrors, or prefer the useful option of a bathroom cabinet, these can have **demista™** heated mirror pads to ensure a clear view in the steamiest of rooms.

demista™ created the market for anti steam heated mirrors more than 20 years ago, a British product with proven quality and reliability.

More recently the company added a range of bathroom cabinets incorporating the heated mirror pads, in a variety of sizes with built-in lighting.

The Topaz cabinet from **demista™**

Number One Hyde Park a recently completed London luxury apartment complex is just one of the many high quality developments, both in the UK and abroad, to have selected **demista™** heated mirror pads for all their bathrooms.

Prices start at £28.50 for the mirror pads and £199.40 for the single bathroom cabinet incorporating internal lighting.

Running costs are minimal and the mirror pads are easy to install and are wired in to the light socket.
